CAMP DIRECTOR AND STAFF

Head Varsity Basketball Coach Joe Cambron has been involved with summer camps for 24 years and has been running the Joe Cambron Basketball Camp for 12 years. He has been a guest speaker at numerous camps and school graduations discussing the pillars of the Milford Basketball Program: ATTITUDE and EFFORT. Every camper should bring a positive attitude and the desire to give a great effort!

The Staff will consist of High School and Junior High coaches, as well as Milford High School players.

GOALS

Our goals are to teach skills in fundamentally sound basketball and to improve the boys' abilities in the finer points of the game. It is our desire not only to develop the high school and college players of tomorrow, but to help all our campers acquire good sportsmanship, discipline, leadership and citizenship.

The Eagles finished this past season with a 13-9 record, making it to the sectional championship and completing their fourth winning season in a row.
